## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a silly complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you 90 per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 50c.

## Embarrassing Hairs Can be Quickly Removed

(Beauty Culture)

Hairs can be easily banished from the under-arms, neck and face by this quick, painless method: Mix into a stiff paste some powdered talc and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. ## ENFORCING LAW TO BE ISSUE IN OHIO CAMPAIGN

Haynes Tells Buckeye Club Party Leaders Are Co-operating With Dry Agencies.

By International News Service. Law enforcement will be a pre-dominant issue in the fall campaign in Ohio, and Republican success will be assured if the party continues to lend its support to effective administration of legislation growing out of the Eighteenth Amendment. Federal Prohibition Commissioner R. A. Haynes, himself an Ohioan, today said during the course of his address before the members of the Buckeye Club, composed of the twenty-two Ohio Congressmen.

Party leaders everywhere are co-operating in enforcing the eighteenth amendment, Haynes declared.

In some sections, where conditions were especially bad under the old license system, quite naturally enforcement conditions were most complicated, and in such places the progress for a time will seem to be less rapid than in more favored communities," said Haynes. Commenting on conditions in Ohio, Haynes said the State code was one of the most effective in the country, and most satisfactory results were being secured because of the perfect accord between the State and Federal enforcement agencies.

"The woman-voter is the new political buttress," Haynes said, turning to the women present. "With the ballot in their hands they will stand almost 100 per cent for the prevalence of law, order and efficiency and decency in the Government's affairs."

## FIREMEN SHOVEL WAY TO \$50,000 MD. FIRE

BALTIMORE, Md., Jan. 31.—Firemen early today were compelled to shovel the way for their apparatus through snow banks to reach a fire that destroyed the car repair shop of the Bethlehem Steel Corporation at Sparrows Point.

The fire started from an overheated stove, and caused an estimated damage of \$50,000. Oil tanks near the blazing building were kept cool, which prevented an explosion that would have spread the flames.

## HEARD AND SEEN BY BILL PRICE

IT WAS ROUGH ON HIS KNEES. He got on his knees to propose—in the movies 'twas done that way. But his tongue hung heavy as lead. And the fateful words he could not say. "Say, kid, what's the matter?" she asked. "This here ain't no church; if you've lost something, go on and move. And then I'll help you search." "DUSTY RHODES."

"OFF THE PATH." "A barking dog won't bite." I wonder if the fellow who wrote that, waited to find out. Possibly he thought that "Example was the best precept." Anyway it was, a perfectly good example, that is, if he did not wait. Aesop wrote: "Love can tame the wildest." Let us add a word: WOMAN. Considering all things, we had better couple on MAYBE, and take absolutely no chances. If brain-storms were drenching, quite a few of us, Congressmen and others, would have webbed feet. L. LOVE.

## LOCALLY HISTORICAL.

JAMES KEATING, genealogist and researcher, finds many odd things concerning Washington in his researches in the Congressional Library and elsewhere. A steamboat was running to Mt. Vernon in 1850, through arrangement with JOHN WASHINGTON, the owner. The fare was \$1, half of which went to the owner. In 1858 the Mt. Vernon Ladies' Association bought the estate, consisting of 200 acres. In 1847, the building on the south side of Pennsylvania avenue, between Fourth and One-Half and Sixth streets, was in later years as a carriage manufactory, was fitted up for theatrical purposes and was given the name "Adephia Theater."

Mary had two pretty calves. Which made other girls quite mad. But Mary didn't care a rap. If they didn't have what she had. OLD TIMER.

## WAR MEMORIAL LEADERS PLAN TO RAISE FUND

David Jayne Hill Will Preside At District Campaign Meeting Monday.

Plans for the District's part in the campaign to raise funds for the National Victory Memorial will be made at a meeting to be held Monday at the District Building. David Jayne Hill will preside. The members of the citizens' committee will meet in the board room at 5 o'clock. Charles J. Bell, of the American Trust Company, has been named treasurer and John G. O'Brien, secretary of the committee. The District Commissioners, with the governors of States, whose aid has been enlisted by the President, are desirous of securing adequate representation in the proposed victory memorial. Plans will be discussed for raising funds and an extensive canvass of the District mapped out so that every family that contributed to the nation's fighting forces may be represented in the memorial building.

The President in his endorsement of the project to the governors of the States praised the contemplated building as a splendid memento to those who served. The proposal that each State in the Union be represented by blue and gold stars in the Victory Memorial Building has met with favor in every State. It is proposed to commemorate the men who died in the service by a gold star and those who came back by a blue star.

## COAST GUARD CANDIDATES WEAK ON U. S. HISTORY

Many candidates for cadetships must brush up on American history to get into the coast guard.

The Treasury Department, announcing the result of January examinations, said a woeful lack of knowledge of American personages and events was shown by applicants.

A bright youth, who wants a cadetship, answering one of the many questions, said that Lloyd George, of England, is chief justice of the supreme court. Another named Budget Director Dawes as a labor leader. Still another declared Franklin D. Roosevelt is Vice President of the United States.
